

Explicit Meaning

The visible surface.
Information the author states directly. No guessing required.

Implicit Meaning

The submerged shape.
Not stated directly, but the author provides deliberate clues to read between the lines.

Inferred Meaning

The hidden depths.
Conclusions reached by combining text clues with your own worldly knowledge and reasoning.

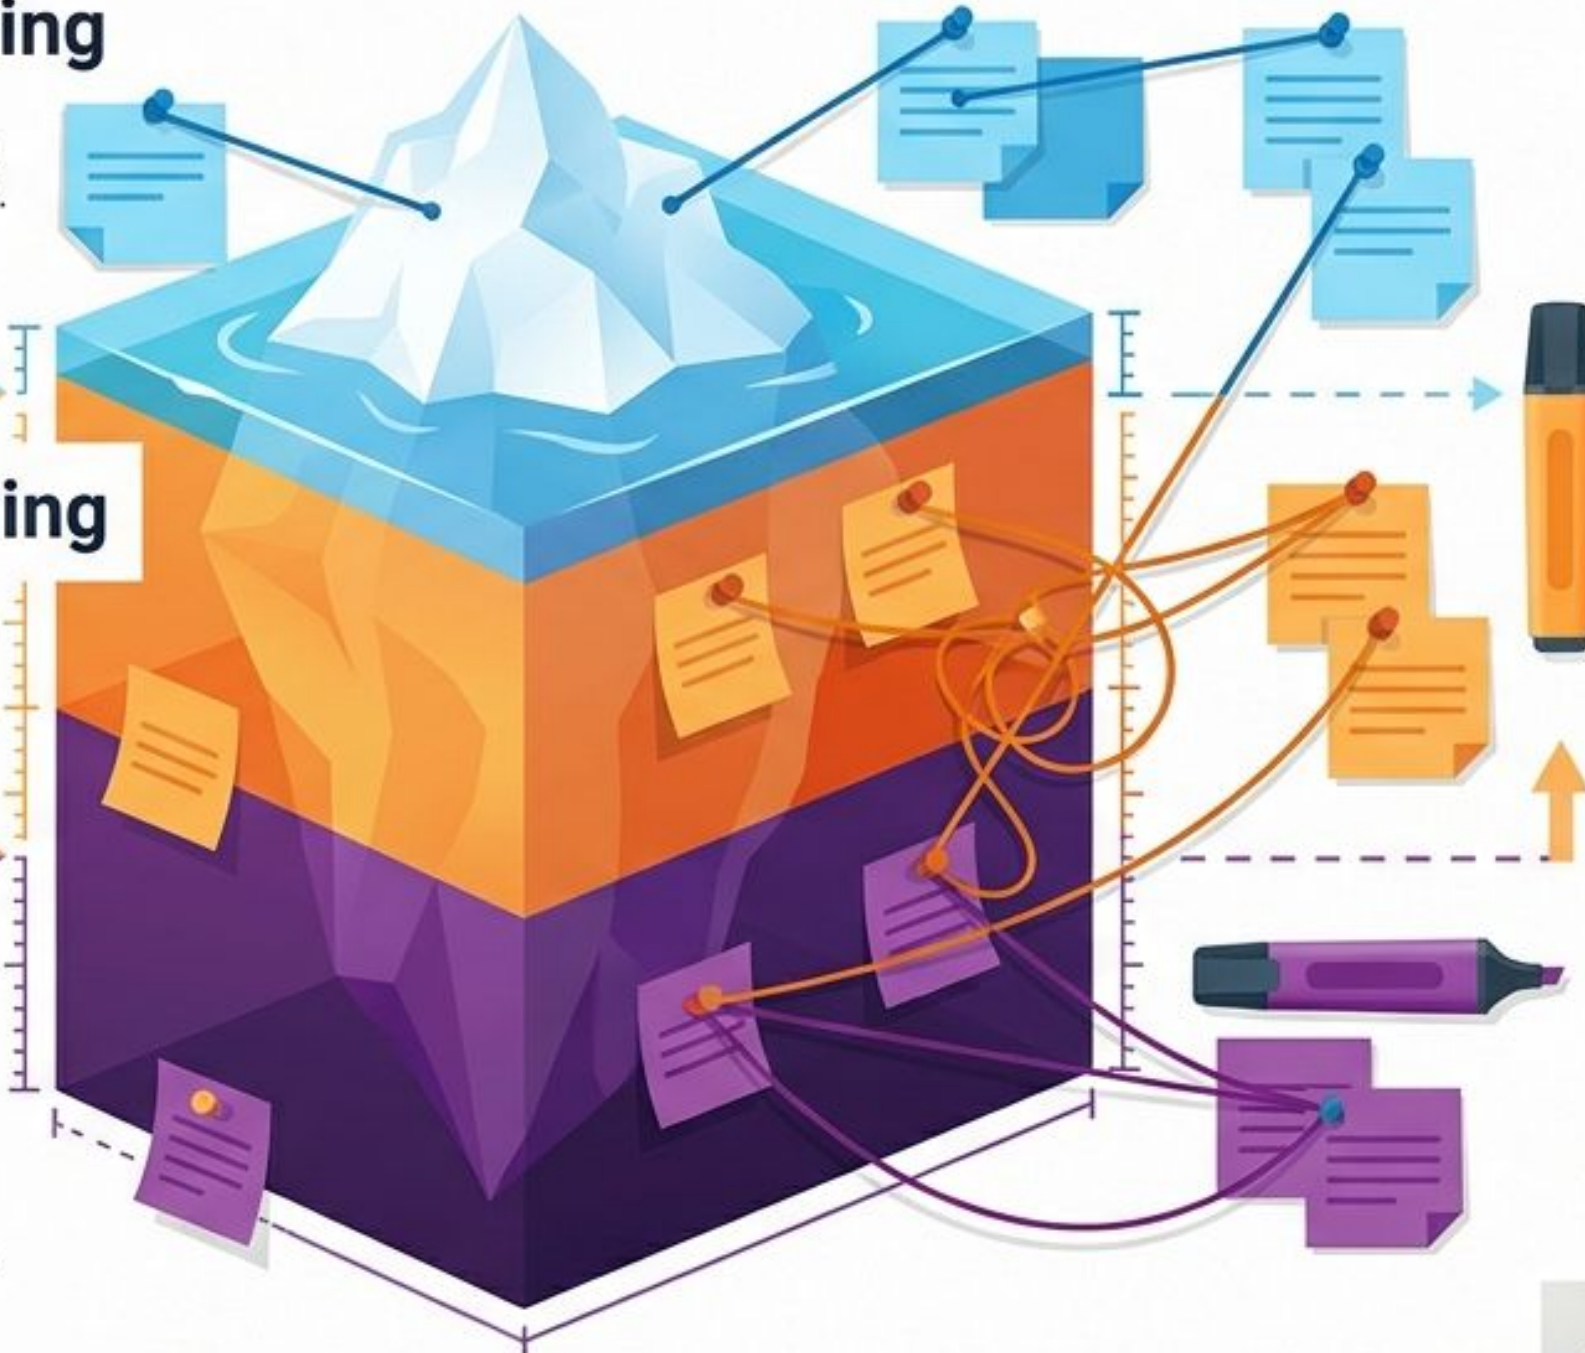

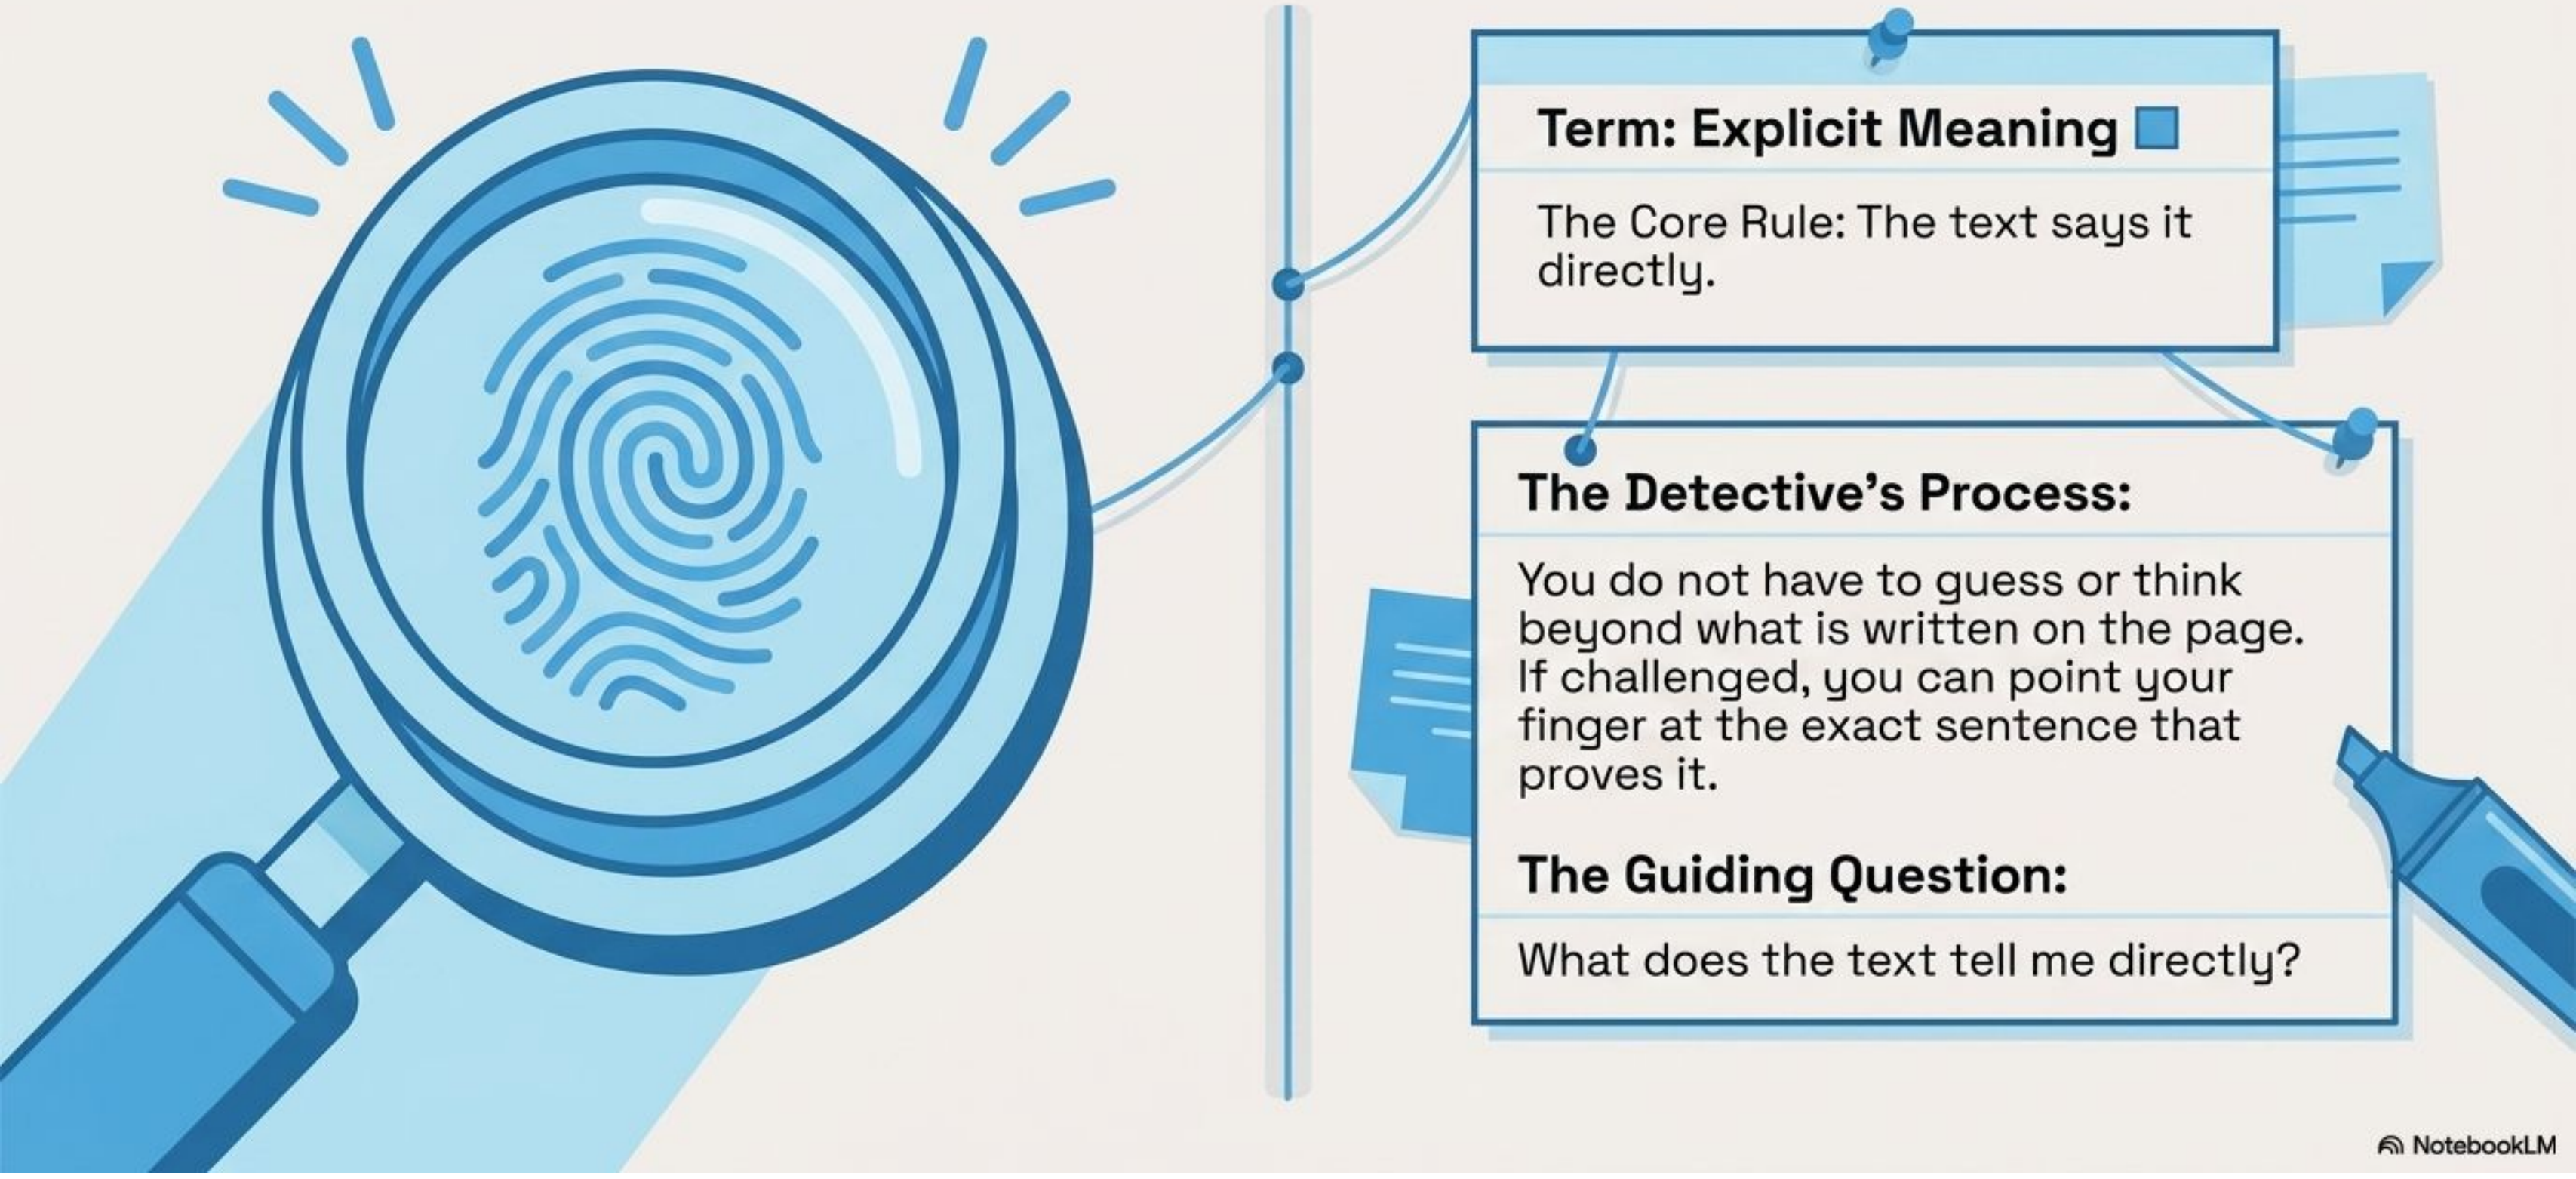

Exhibit A: The Classroom Incident

Arjun rushed into the classroom a few minutes after the bell rang. His hair was messy, and he was breathing heavily. He quickly took out his books and avoided looking at the teacher.

Task: What is really happening here? 🕵️

The Undeniable Facts

Highlighting the Surface Clues

Fact 1: Arjun entered after the bell rang. 📌

Exhibit A: The Classroom Incident

Arjun rushed into the classroom a few minutes after the bell rang. His hair was messy, and he was breathing heavily. He quickly took out his books and avoided looking at the teacher.

Fact 2: His hair was messy.

Fact 3: He was breathing heavily.

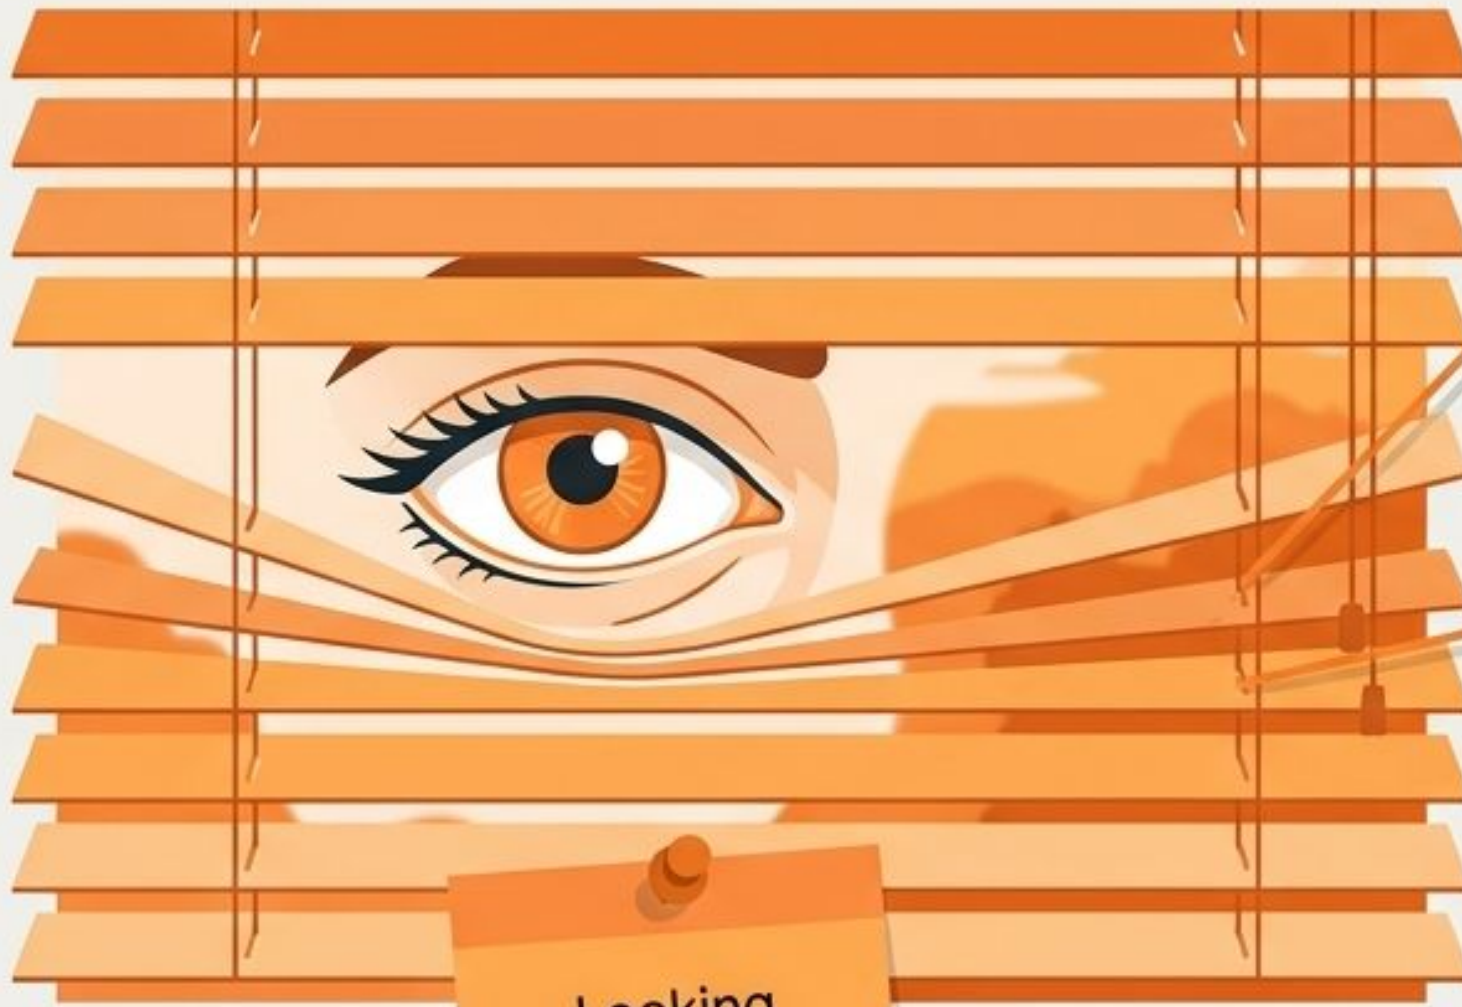

Fact 4: He avoided looking at the teacher.

Task: What is really happening here? 🕵️

Takeaway Note: These details require zero guesswork. They are explicitly stated.

Reading Between the Lines

Looking
beneath the
surface 🕵️.

Term: Implicit Meaning

The Core Rule: The text hints at it.

The Detective's Process:

The author does not state the answer directly, but deliberately leaves a trail of breadcrumbs. You must observe the clues to uncover the unspoken idea.

The Guiding Question:

What hidden ideas do these clues suggest?

Connecting Clues to Emotions

Arjun rushed into the classroom a few minutes after the bell rang. His hair was messy, and he was breathing heavily. He quickly took out his books and avoided looking at the teacher.

Case-notes

The Observation:

The paragraph never uses the word "nervous".

The Implicit Connection:

- ◆ **Action:** Rushing in
- ◆ **Action:** Breathing heavily
- ◆ **Action:** Avoiding eye contact

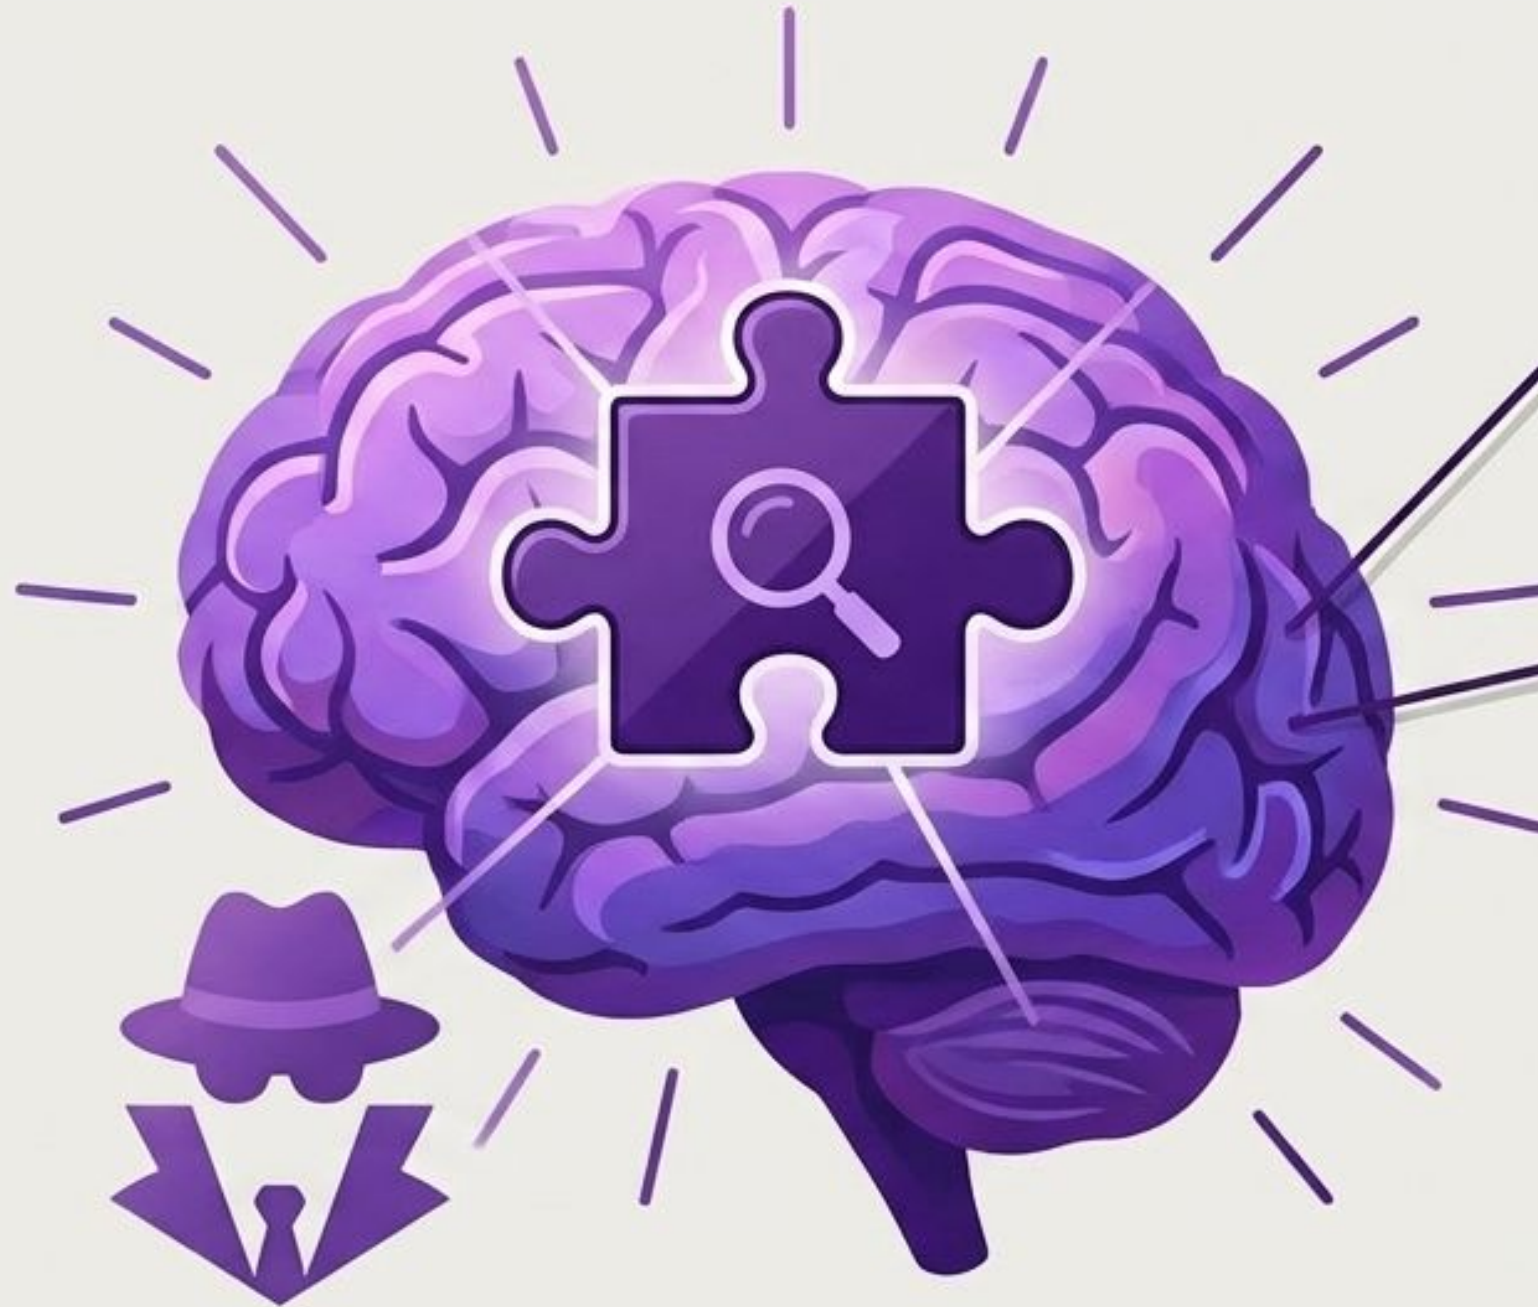

↓ **Suggests** ↓

Implicit Meaning: Arjun is feeling nervous or worried.

Takeaway Note: The idea is implied through his physical actions.

The Final Deduction

Term: Inferred Meaning

The Core Rule: I figure it out myself. 

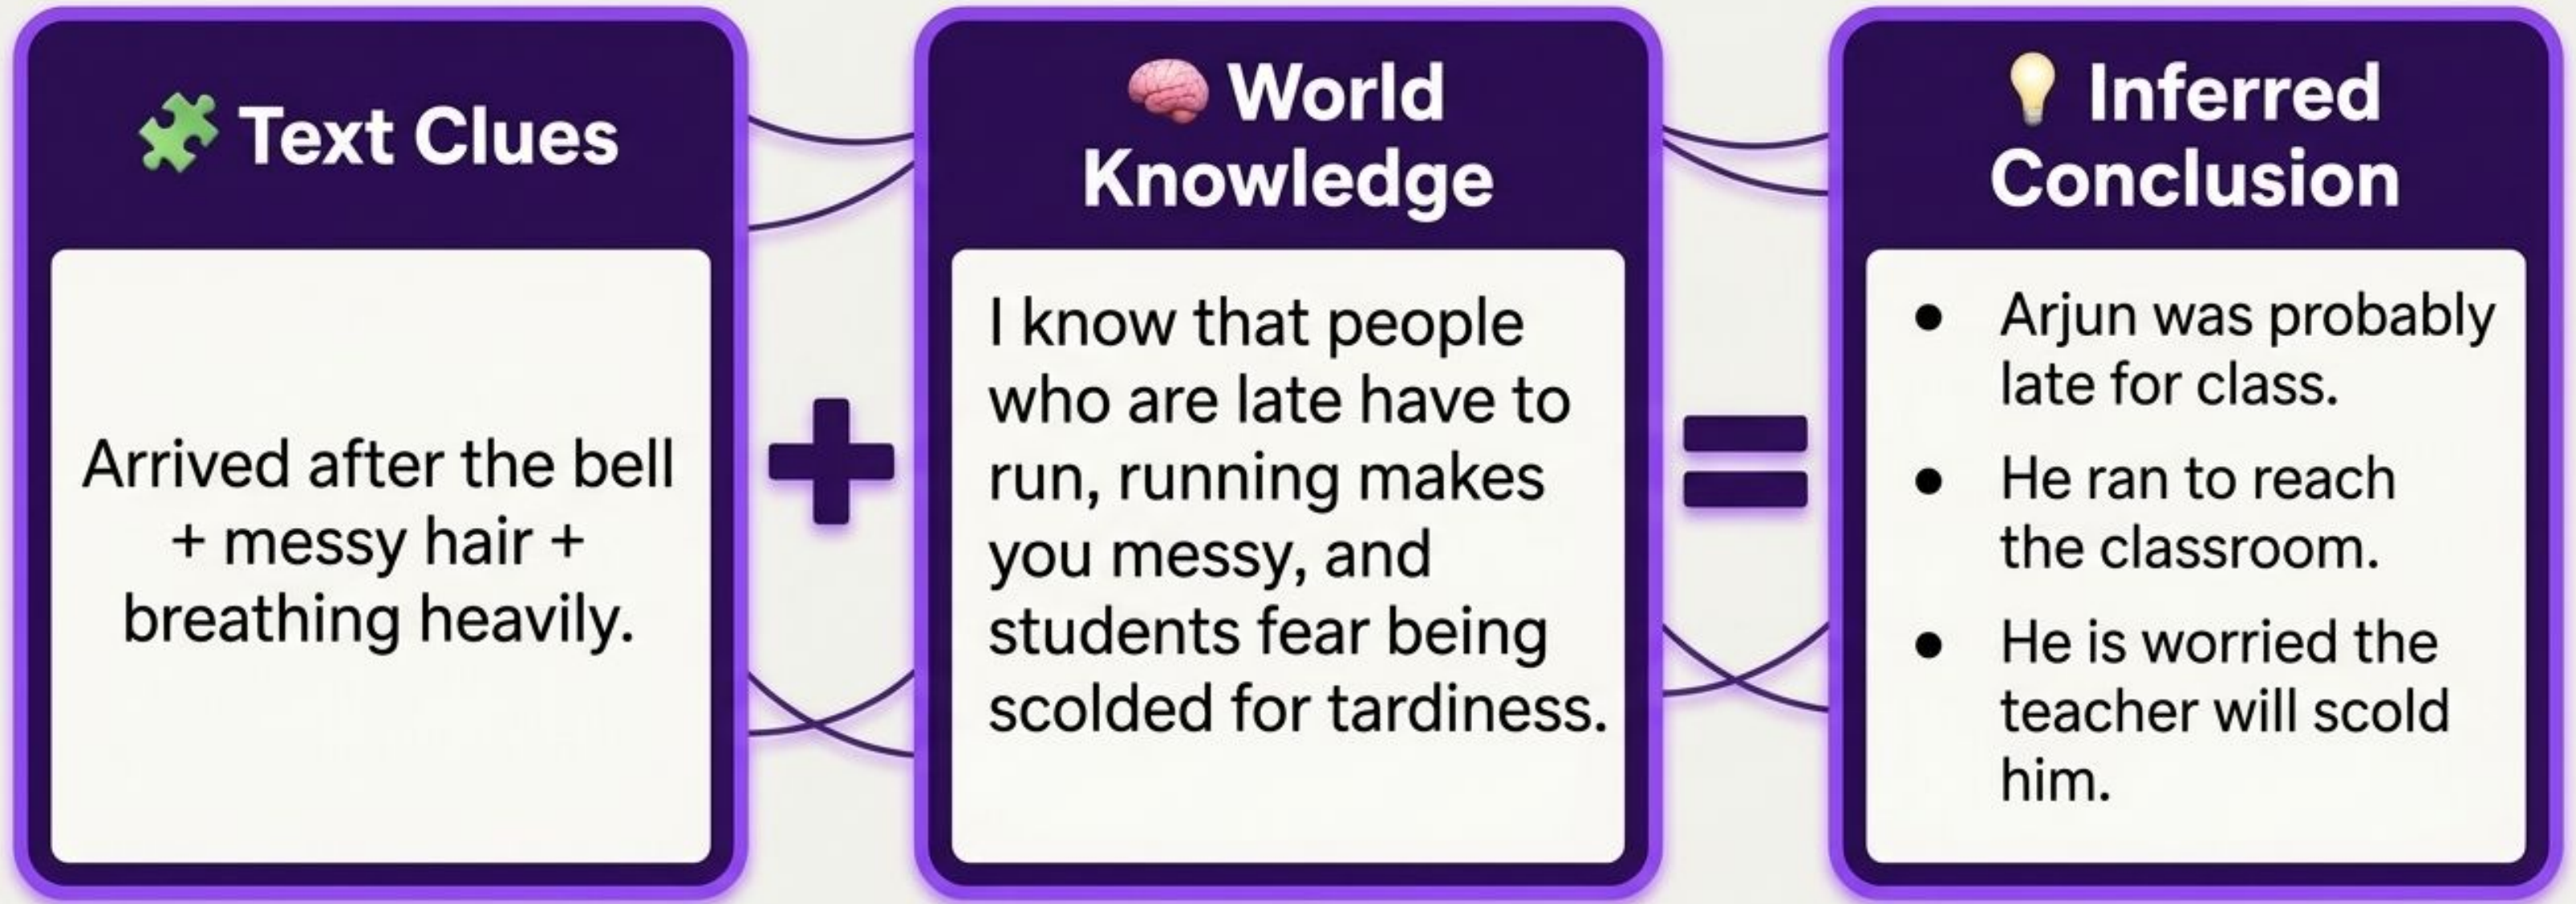

The Detective's Process:

You reach a logical conclusion by taking the evidence provided by the author and combining it with your own outside knowledge, logic, and life experience.

The Guiding Question:

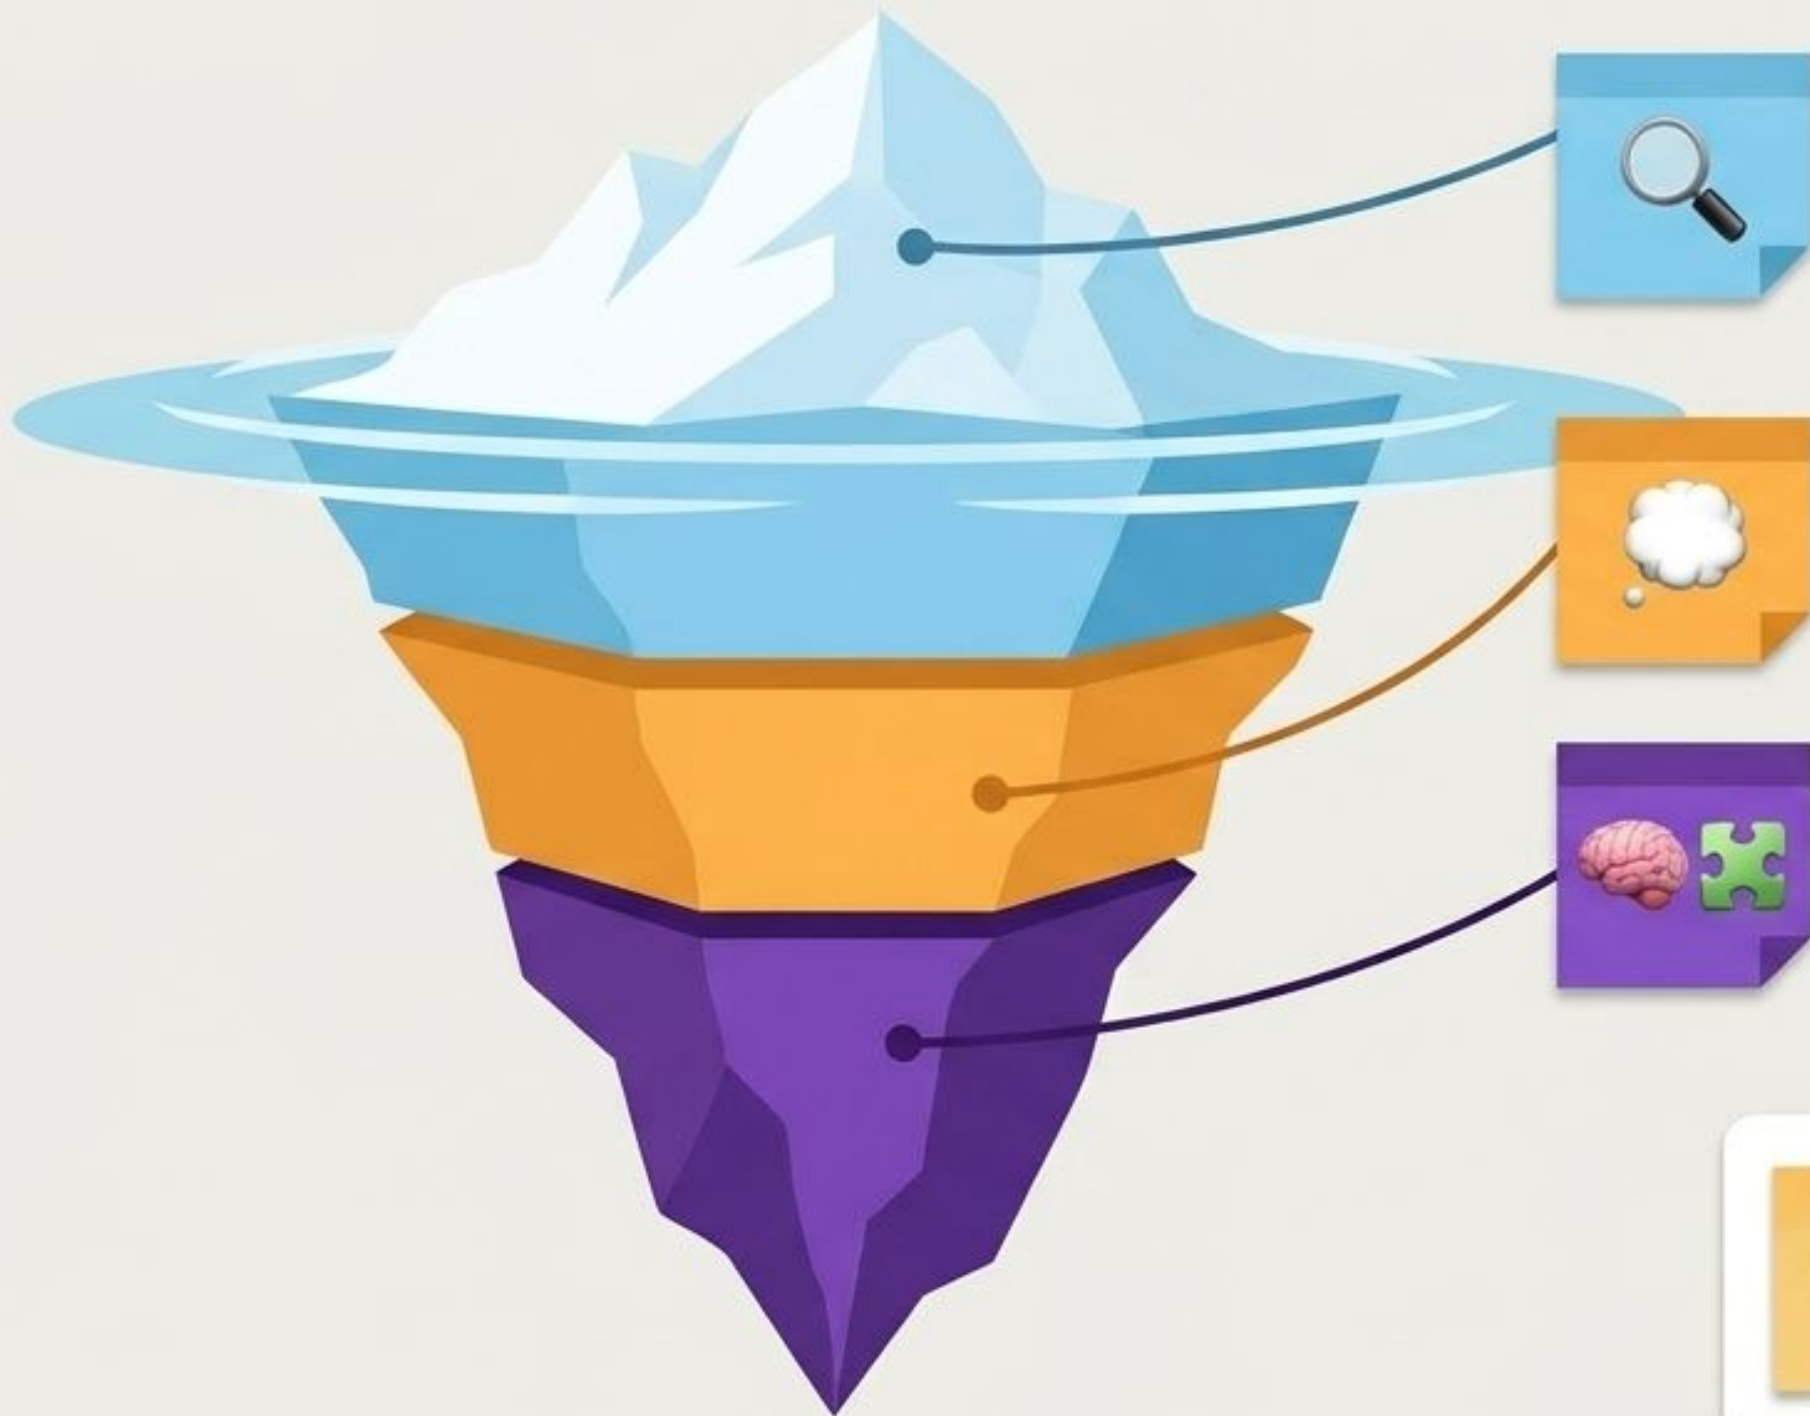

What conclusion can I make from the clues?

The Inference Equation

Takeaway Note: The text never states these ideas, but they are highly reasonable conclusions based on evidence + logic.

The Complete Investigation

Explicit: Arjun arrived after the bell, messy and breathing heavily.
(The Visible Evidence)

Implicit: Arjun is acting nervous and avoiding interaction.
(The Hidden Subtext)

Inferred: Arjun slept in, ran all the way to school, and is terrified of getting in trouble.
(The Final Deduction)

One short paragraph yields **three distinct depths** of understanding.
A skilled reader explores all three.

The Detective's Cheat Sheet

■ Explicit

🔍 **Meaning:** The text says it.
